CARMELCREST

Sector: Education
Client: Elmhurst Primary School, Newham
Value: £50,000
Duration: 3 weeks

The project involved the complete strip out and refurbishment of the schools 27 toilets.

Works were carried out over a ten month period, during school term-time on a rolling programme. Our staff are specially trained to work in school environments and the work went very well. The school was very please with the outcome and have given their willingness to provide references to per-
spective clients.
